MFS TECHNOLOGY RECEIVED EXCELLENT QUALITY AWARD FROM TIANMA

On December 2, Tianma Microelectronics held its 2020 Global Supplier Conference – “Innovation & Leading” in Hilton hotel, Huashan eco city, China where more than 200 industry elites were gathered.

As a long-term strategic partner of Tianma Microelectronics, MFS Technology was awarded the prestigious “Excellent Quality Award”. It was received by MFS Group Vice President, Ronnie Chin.

Tianma compliments MFS “for being quality-oriented, customer needs-driven, supporting & growing together with Tianma automotive display business in attaining exceptional excellence.” These remarks were made regarding MFS distinctive supply chain over the challenges of covid-19 in 2020.

Through relentless efforts of the entire company, MFS products continued to meet customer requirements over the past year in terms of quality, delivery, cost and technology.
